

Are you looking for the best Oil and Gas talent?

Gulf Contract Labour Hire is an exceptional company that exclusively services the **OIL & GAS** Industries and related companies worldwide and within South Africa.

Gulf offers a professional, reliable and cost effective recruitment service for Engineers and Tradesmen alike either on a permanent or contractual basis. With J/V across the world, Gulf has the ability to attract top Candidates from all corners of the globe.

Gulf uses its own hosted international website oilandgasrecruiting.com and its social networks to find the best talent on the planet.

Gulf understands the recruitment procedure such as relocation, visas, cultural sensitivity, travel arrangements, housing and schooling amongst many other things which allow us to compete in a global market and meet global standards.

Gulf's goal is not only to find South African candidates within the Oil & Gas Industry but to guide candidates through the cultures of living as an expat abroad.

Gulf has been trading in the Middle East for the past 15 years. We have long standing contracts to supply both permanent and contractual staff both onshore and offshore.

We help you find the best talent for your requested field.

Gulf utilizes its own website **oil and gas recruiting**, its social networks and **local initiatives** which gives us access to over 100,000 professionals in the industry. We source candidates by any means necessary to ensure that we give you the best in their careers.

Gulf's local initiatives include an alliance of networks within all the petro chemical plants within South Africa, thereby attracting first hand professional and highly experienced candidates.

How do we conduct searches?

File Search: We file search for Candidates on our extensive Data Base on our Job Portal.

Advertising: We will place the positions required on our Job Portal first free of charge, we would then place strategic advertising in the local media that would attract suitable Candidates that the Client is seeking.

Head Hunting: We would directly approach potential Candidates through our existing channels of alliances within the Petro Chemical Plants.
